

FaxTool™

MACINTOSH PRICE LIST (March 7, 2003)

1. Here's what you'll need to get started with FaxTool:

FaxTool Developer ToolKit, bundled w/**FAX^{stf}**\$239.95

This is required to create FaxTool-enabled FileMaker solutions for your own use and/or solutions you develop for others. Works with any version of *FileMaker Pro* (2.1 to 6.x). Includes a revised and updated version of **FAX^{stf}** 3.2.5, with modem support for iMac/G3/G4. Fax from any Macintosh with a 14.4 kbps faxmodem and running MacOS 7.6.1 to OS 9.2.2. With CD-ROM installer.

FaxTool DTK owners receive free technical support on all aspects of faxing from FileMaker, including expert installation and setup of **FAX^{stf}** 3.2.5. We guarantee FaxTool and **FAX^{stf}** 3.2.5 will fax on any Mac (OS 7.6 - 9.2), or your money back.

FaxTool has been specifically designed for use with **FAX^{stf}** 3.2.5, which was voted "Best Fax Software" by the American Facsimile Association in '96, '97 and '98.

2. Registered FaxTool Developer ToolKit (see above) owners can then purchase (and re-sell) the following secondary licenses and packages:

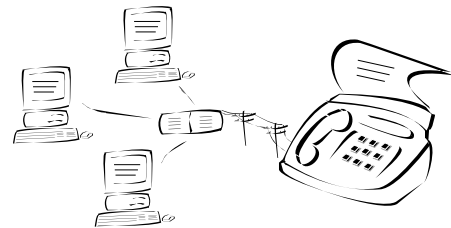

FaxTool Client Pack Bundle\$49.98

For **stand-alone** faxing (modem connected to individual machine). This package includes **FAX^{stf}** 3.2.5 (*bundle edition*) and FaxTool Runtime. The Client Pack is required at each additional stand-alone desktop where FaxTool is to be used. [The machine where the DTK is installed is already licensed and enabled.] When you sell a FaxTool-enabled solution that uses stand-alone faxing, each customer needs a Client Pack installed to make it run. Contact us for quantity or OEM pricing. CD-ROM installers only.

FaxTool Network Kit (*Mac OS 8 only*)see below

For **network** faxing (modem connected to central faxserver machine). Network faxing saves time and increases user productivity, by off-loading time-consuming modem duties to the server. These packages all include **FAX^{stf}** 3.5 Network and FaxTool Network. Systems start at 5 seats, but can be custom ordered for any size network. Additional seats and servers (modems) can be added at a later time, if needed.

*Typical systems (all include **FAX^{stf}** Network):*

- FaxTool Network, 5 seat\$499.97
- FaxTool Network, 10 seat\$799.97
- FaxTool Network, 15 seat\$1099.97
- FaxTool Network, 25 seat\$1499.97
- Additional **FAX^{stf}** Network Server\$189.97

Note: all items in section 2 can **only** be purchased by registered owners of the FaxTool Developer ToolKit (see section 1).

FaxTool™

WINDOWS PRICE LIST (March 7, 2003)

1. Here's what you'll need to get started with FaxTool:

FaxTool Developer ToolKit \$199.95

This is required to create FaxTool-enabled FileMaker solutions for your own use and/or solutions you develop for others. Works with any version of *FileMaker Pro* (3.0 to 6.x). Fax from any PC with a 14.4 kbps faxmodem. CD-ROM installer.

Requires **WinFax PRO 9.0** or **10.0**, depending on your Windows operating system:

	WinFax PRO 9.0	WinFax PRO 10.0
Windows 95/98	Yes	Yes
Windows NT	Yes	Yes
Windows 2000, XP	No	Yes

WinFax PRO® 10.0 (OEM CD version) \$49.95

FaxTool has been specifically designed for use with **WinFax Pro 9.0** or **10.0** (see above).

FaxTool Developer ToolKit, bundled w/**WinFax PRO®** \$239.95

Same as item 1, but includes **WinFax PRO® 10.0** OEM CD (see above).

FaxTool DTK owners receive free technical support on all aspects of faxing from FileMaker, including installation and setup of **WinFax PRO**. We guarantee FaxTool and **WinFax PRO** will fax on any PC (see table above), or your money back.

2. Registered FaxTool Developer ToolKit (see above) owners can then purchase (and re-sell) the following secondary licenses and packages:

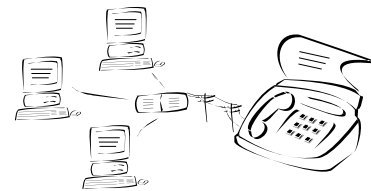

FaxTool Client Pack (each) \$24.98

For **stand-alone** faxing (modem connected to individual machine), or for **modem-shared** faxing (a WinFax Pro feature). This package includes only the FaxTool executable, plus a FaxTool Tester. The Client Pack is required at each additional desktop where FaxTool is to be used. [The machine where the DTK is installed is already licensed and enabled.] When you sell a FaxTool-enabled solution that uses faxing, each user needs a Client Pack installed to make it run. Contact us for quantity or OEM pricing. Requires **WinFax Pro** (see above) for each user. CD-ROM installer.

Faxing PC Network Options Call

We have a variety of network faxing options available, depending on your system needs and budget. Call us for more information.

Registered owners of either (Mac or Win) Developer ToolKit receive a \$100.00 discount when purchasing a second DTK (for the other platform).

Note: all items in section 2 can **only** be purchased by registered owners of the FaxTool Developer ToolKit (see section 1).
